

Format Guidelines

- The boards for posters measure 4 feet by 6 feet. Posters must be mounted within this space.
Note: Maximal poster size of 41"H x 72"W (Horizontal)
- A poster must cover the same materials as the submitted abstract.

- Briefly describe procedures and materials. Define all trade names first, then use generic names throughout. All compounds and drugs must be identified.
- The poster is not a publication. Avoid full sentences and use bullets to increase clarity. References are not necessary.
- Be sure to acknowledge all authors and funding sources.
